Music for Learning

Teacher: Alessandro Fabbro

Subject: Italian language

Sectors: Beauty and wellness/ Phygital

The students created a music playlist with **Youtube** or **Spotify**.
The aim is to provide students with a basis for better
understand a poetic/musical text and the evolution of music
over time.

Description:

- Introduction to the main technical characteristics of singing and its history, with special focus on the **Italian singers** of the 20th century Genoa School (De Andrè, Gino Paoli, Luigi Tenco).
- Each student, after choosing a song, analyzed the lyrics according to the knowledge learnt during the first step (**collaborative learning**).
- The songs were collected in a **class playlist** on **Spotify** and **YouTube**, so that they could be listened to and studied.
